ABOUT US

LEADING THE PLASTIC SECTOR SINCE 1960's

Guven Plastic has been leading and directing the sector since 1960's and currently doing all its manufacturing and business activities in Ataturk Organized Industrial Zone Cigli/Izmir.

Guven Plastic exports its products to more than 20 countries and aim to gets its brandname recognized around the globe.

Guven Plastic keeps itself up to date by using high-tech machinaries and equipments to provide high quality products and sevices.

Guven Plastics's core pricinble in quality, services and customer satisfaction is to offer high quality products with an innovative approach at reasonable price.

Guven Plastic development process started in 1960's with hose production and progressed by adding PVC pipes in early 90's. Later on, It continued by adding PP-R pipes & Fitting, PP-H Fittings, PVC profiles, PE drip irrigation pipes so on... In the begining of 2000th, it began focusing more on construction and plumming materials, sewage pipes and fittings and accomplished great success in process until now.

In 2014, Guven Plastic started for the first time Evapool (pool-sweeper) hose production in Turkey. By 2016, Guven Plastic established its plastic strap production facility as Tanpak Packaging Industry and Trade Ltd in Aliaga Organized Industrial Zone to Supply the need of the packaging industry by offering quality solutions. Production line involves Polyester (PET) Strappings, Polyproplene (PP) Strappings and Polyester Corded Composite strapping, Hot Melt Textile Strapping, Plastic and metal buckles.

Güven Plastik is a company that gives confidence and tries to maintain its reputation as a reliable company throughout its existence. Our goal is to provide a better service to our customers in a completely reliable, quality product and good service on time.
